## DEMANDS \$7,300 OF A. P. WALKER

Suit on Contract and Damages Filed  
by Kensington Farm Against  
Local Cattleman.

NOTE FOR \$4,000 INVOLVED

Tennessee Corporation Alleges  
Stock Was Not as Represented  
on Day of Sale.

The Kensington Farm, a corpora-  
tion of near Chattanooga, Tennes-  
see, through its attorneys, Watson,  
Titsworth and Green, filed suit this  
morning against Alpheus P. Walker,  
of the Jersey Isle Stock farm, on a  
contract and damages. The de-  
mand is \$7,300. The sale of twelve  
head of Jersey cattle and a promis-  
sory note for \$4000 are involved in  
the suit.

The complaint is in two para-  
graphs, the first dealing with the  
note and the second with the sale of  
the cattle. The first paragraph de-  
mands judgment of \$4,100 and the  
second \$3,200. The complaint al-  
leges that on July 15, 1913 A. P.  
Walker requested the Kensington  
Farm to execute to him a promis-  
sory note for the sum of \$4,000 as  
an accommodation without any con-  
sideration. The note was executed  
by the secretary of the corporation,  
Ella H. Dow, and the treasurer,  
George W. Thompson. The note was  
due in four months bearing six per  
cent. interest. According to the  
complaint the note was endorsed by  
Charles E. Book and Fred F. Dow,  
the endorsers being accommodation  
endorsers for no consideration  
whatever.

The complaint further states that  
it was agreed between the plaintiff  
corporation and the defendant that  
he was to give the plaintiff in ex-  
change for the note his certain  
promissory note for \$4,000 due in  
four months and bearing six per  
cent. interest. It is alleged that the  
defendant wholly failed and re-  
fused to execute the note although  
frequent demands were made. It is  
also alleged that on a certain day,  
the date which is not given, Mr.  
Walker for a valuable consideration  
transferred and assigned the note  
executed by the plaintiff to the de-  
fendant to the Rushville National  
bank, which bank now holds and is  
the owner of the note. On this  
transaction the plaintiff alleges that  
it is damaged in the sum of \$4,000  
together with interest at six per  
cent. and asks judgment in the sum  
of \$4,100.

The second paragraph states that  
the plaintiff purchased twelve head  
of cattle from defendant on July  
15, 1913, and as a part of the con-  
tract Mr. Walker warranted the  
cattle to be sound, healthy and fer-  
til. The Kensington people took the  
cattle to their stock farm near  
Chattanooga, Tenn., and according  
to the complaint found seven of the  
cows were utterly barren and un-  
prolific at the time of the sale. It  
is alleged that the plaintiff relied on  
the statements of Mr. Walker and the  
representations and warranty so  
made by the defendant were believed  
to be true by the plaintiff.

The complaint states that the  
price of ten head of cattle was  
\$6,100 or, \$610 each but as it was  
five of the cows were worth only  
\$40 each and the price placed on  
the other two is \$175 and \$200. The  
Kensington people place their dam-  
age as follows on the cattle; five  
at a total damage of \$2,850 and  
two at a total of \$295, making  
\$3,145 that it is alleged they were  
damaged. With interest at six per  
cent. this paragraph demands  
judgment in the sum of \$3200.

## UNABLE TO SUPPORT WIFE

Given as Cause For Divorce Suit  
Filed Today.

William Orvel Andrews filed suit  
today for divorce from his wife  
Hazel E. Andrews. It will be remem-  
bered that only a few days ago Mrs.  
Andrews filed suit for support ask-  
ing the court for an allowance of  
four dollars a week from her hus-  
band for herself and child. In his  
suit for divorce Andrews states that  
they were married October 28, 1911,  
and that they were but 19 years  
old. He states that at that time he  
was unable to support a wife and is  
not able to do so now. He alleges  
that his wife is of a quarrelsome  
disposition and that he is unable to  
live with her. They have one child.

## ANOTHER CHAPTER ON MASONIC FIRE

John W. Jackson Sues Two Insur-  
ance Companies Demanding  
Money Due Him.

TOTAL AMOUNTS TO \$3,000

John W. Jackson, owner of the  
store which was destroyed in the  
Masonic Temple fire of July 20, has  
filed suit against two insurance com-  
panies on policies held by him at the  
time of the fire. Mr. Jackson de-  
mands \$1,800 from the Liverpool  
and London and Globe insurance  
company, and \$1,200 from the  
Phoenix Assurance company. In the  
suit against the Liverpool and Lon-  
don and Globe company, Mr. Jack-  
son also names the Rushville Nation-  
al bank.

The complaints in both suits are  
alike. He alleges that the policies  
were to cover a general stock of  
merchandise and the value placed on  
the stock that was destroyed by the  
fire by Mr. Jackson was \$5,000. He  
states that he complied with the po-  
licies and within sixty days after the  
fire, filed with the New York offices  
of the insurance companies an item-  
ized statement of the goods destroy-  
ed.

The policy with the Liverpool and  
London and Globe company called  
for \$1,500 and the Phoenix policy for  
\$1,200. Mr. Jackson says he is in-  
debted to the Rushville National bank  
in the sum of \$525 with interest on  
two notes drawing eight per cent in-  
terest and placed his demand against  
the first company at \$1,800.

## JACK DRIVER PASSED AWAY

Expired Last Night After Two  
Years' Illness.

Jackson Driver, better known as  
Jack, 52 years old died last night  
about ten o'clock at the home of his  
brother, Douglas Driver in East  
Tenth street. He had been ill for  
about two years suffering from a  
cancer on the face and for the past  
few weeks had been in a serious  
condition. Death was expected. He  
is survived by two brother, Doug-  
las Driver, and James Driver of An-  
derson, and one sister, Mrs. Sarah  
Levi. The funeral services will be  
conducted tomorrow afternoon at  
the residence by the Rev. Mr. Wain-  
scott. Burial will take place in the  
upper cemetery.

## MARRIAGE LICENSE.

A marriage license was issued  
this morning to Harry Clifford and  
Neva Hanna.

## DISTRIBUTION FIRST OF YEAR

Automobile Tax Fund Will be Divi-  
ded 92 Ways and Will be Used  
on The Highways.

\$125,000 TO SPLIT THIS YEAR

One-Third is Divided Equally and  
Remainder Goes According to  
Miles of Improved Roads.

The first distribution to the coun-  
ties of the funds obtained for road  
work under the new motor vehicle  
law will take place the first of the  
year, and it is estimated that some-  
thing like \$125,000 will be distribut-  
ed to the various counties of the  
state.

This distribution is made, one-  
third being given equally to the  
ninety-two counties of the state,  
one-third in proportion to the num-  
ber of miles of improved road each  
county bears to the total number of  
miles in the state and one-third in  
proportion of the number of cars  
owned in each county.

Rush county's share of the first  
one-third which will be divided the  
first of January will amount to \$453.  
It is impossible to tell now how much  
the other two thirds will be because  
of the method used in splitting the  
rest of the fund.

As usual, there is some complaint  
among taxpayers because of this  
method of dividing the automobile  
tax fund among the counties. It is the  
same plan that is used in dividing  
the common school fund, with a few  
variations.

"Why not," ask a man the other  
day, "let the automobile tax be paid  
into the county treasurer and the  
money be used on the roads of that  
given county instead of paying it all  
into the state and having it divided  
in the fashion prescribed by the law  
among all the counties?"

The same answer in this case  
would apply as in the case of the  
school fund. Some counties in In-  
diana, with fewer automobiles, have  
much worse roads than Rush county.  
If the tax from the automobiles in  
the counties with few automobiles  
and unimproved roads were used to  
build up the roads of that county,  
the roads would not advance as fast  
as the roads of the other counties.  
After a few years of operation of  
this plan, some counties would have  
excellent roads and the others would  
have very poor roads.

As in the case of the school fund,  
this apportionment of the automo-  
bile license tax fund will work to the  
disadvantage of Marion county more  
than any other county in the  
state because there are more auto-  
mobiles there, just as there are more  
people who pay school tax.

It is very likely that the tax will  
also be disadvantageous to Rush  
county, because the school tax ap-  
portionment is. Rush county always  
receives less back from the state for  
its schools that it pays in. The dif-  
ference goes to the counties which  
are thinly populated and whose  
schools are not as Rush county's.

Next year when the fees received  
will be for a year, this fund is ex-  
pected to net the roads of the state  
something near \$350,000. Now  
then, if the local officers having  
charge of this fund will see to it  
that the money gets on the roads, it  
will greatly aid in improving Ind-  
iana's system of splendid highways.

Most of the states in the Union  
have a similar law as the one now  
in force in this state, except that  
many states have a state highway  
commission, which has in charge the

## ARE OUT TO GET GRAY'S SCALP

Democrats of Sixth District Will  
Fight His Efforts for Renomi-  
nation as Congressman.

THEY DO NOT LIKE HIS POLICY

Some Party Men Can't Swallow His  
"Grandstanding" is Bolting  
Party Caucuses.

There is a well defined rumbling  
in the sixth district. It is largely  
due to the apparent fact that Finly  
Gray, congressman from this dis-  
trict, has deserted his seat in con-  
gress and is engaged in the old and  
time-worn process of rebuilding and  
repairing "fences."

There is going to be a concerted  
effort among the Democrats in the  
district to prevent his re-nomi-  
nation, and thus his re-election. It  
was generally conceded two years  
ago, and many Democrats openly  
admitted it, that Mr. Gray would be  
allowed another term in Congress,  
but that after his second two years  
was up, he would have to step aside  
for another Democrat.

Of course, Finly can't take the  
viewpoint of the gentlemen who do  
not want him sent back to congress  
and he is tinkering with his totter-  
ing political "fences" to make them  
extra stout, for he realizes he has  
a fight, all of which gives rise to the  
following in the Richmond Palladium:

The congressional election will be  
held next November in conjunction  
with the county elections through-  
out the district. Mr. Gray's present  
term of office does not expire until  
March 4, 1915.

Following his re-election last fall  
the delicate task of appointing a  
number of postmasters in his dis-  
trict fell to the lot of Mr. Gray. He  
made them as soon after election as  
possible, so that the sore places of  
disappointed job hunters could heal  
before he made his third race for  
congressional honors.

A number of those who sought in  
vain choice postmasterships have  
refused to bury the hatchet and they  
will play an active part at the Dem-  
ocratic congressional nominating  
convention, and it is safe to predict  
they will work against Gray.

The word went forth some time  
ago that Mr. Gray would have oppo-  
sition for re-nomination next spring,  
and that probably there would be  
several aspirants for this honor.

During his present term, Mr.  
Gray has made a number of ene-  
mies among the Democrats of this  
district who stand hard and firm  
for party regularity, because of his  
action in bolting party caucuses  
and other acts of rebellion against  
party discipline. He also made ene-  
mies among many independent, pro-  
gressive Democrats by the posi-  
tive stand he took for a return to  
the spoils system at the sacrifice  
of the civil service.

They point out that his work in  
congress has been confined princi-  
pally to a wild scramble for liberal  
slices of the public buildings appro-  
priation "pie" and to pension mat-  
ters. They complain that he has  
been so busily engaged in such ac-  
tivities, aimed to strengthen his  
personal political machine, that he  
has only little time to devote to con-  
structive legislation.

All classes of Democratic voters  
in the sixth district are supporters  
and admirers of President Wilson  
and the fact that Mr. Gray has not  
been in close harmony with Wilson-  
ian policies has not set well with  
them.

Then Mr. Gray's latest "break,"

## DIES AT GLENWOOD HOME

John Sparks Succumbs After Long  
Illness From Paralysis.

John Sparks, 68 years old, a well  
known resident of Glenwood died  
this morning at seven o'clock at his  
home there. Mr. Sparks suffered a  
stroke of paralysis over two years  
ago and this with complications  
caused his death. He formerly lived  
near Richland but had been a re-  
sident of Glenwood for several  
years. Mr. Sparks was a member  
of the Masonic lodge at Orange. He  
is survived by his widow and three  
sons, George, Albert and Charles  
Sparks. The funeral arrangements  
have not been completed.

## TWO INSTITUTES IN SESSION TODAY

Immigration and Negro Problems are  
Discussed by Teachers—Seven  
Townships Represented.

TEACHING TO MEMORIZE

There were two separate teachers'  
institutes in session in the court  
house today. The teachers of Union,  
Ripley, Walker and Jackson town-  
ships met in the assembly room and  
those of Posey, Rushville and Noble  
were in session in the teachers ex-  
amination room on the third floor.

English was the subject for dis-  
cussion today. Methods by which  
good results may be obtained in  
teaching letter writing and composi-  
tion work in the fourth grade was  
discussed by the leader. Among the  
problems in teaching that came up  
for discussion was teaching the arts  
of communication. How children  
may be taught to memorize without  
a waste of time was a topic that  
caused some animated discussion.  
The immigration and negro problems  
were discussed at length this after-  
noon.

## 2 COUNTY BOARDS MEET HERE TODAY

Council Gathers This Afternoon to  
Make Deficiency Appropria-  
tions For Rest of Year.

COMMISSIONERS AS ADVISORS

The county council met in special  
session in the court house today to  
make some deficiency appropri-  
ations and the county commissioners  
met in an advisory capacity. There  
was not a quorum present this  
morning and the business could not  
be taken up until two o'clock this  
afternoon.

There were some deficient bridge  
appropriations to make as well as  
the salary appropriation to pay  
county officials for the last quarter  
of the year. Under a new law by  
the last legislature it is necessary  
that the appropriation shall be made  
at this time because the county offi-  
cials now draw their money for the  
last quarter the last business day  
in December, whereas previously  
they drew their salary the first of  
January. This is the same statute  
which allows the county officials to  
close their offices the last business  
day in March, June, September and  
December in order to complete their  
quarterly reports which are submit-  
ted to the county commissioners.

## MUST PUT A SIGN ON STORAGE EGGS

Dealers Are Warned in Circulars  
Sent to Food and Drug In-  
spectors in State.

SAME ON RENOVATED BUTTER

Eggs Ascend to Forty Cents a Dozen,  
High Mark in Years For  
This Season.

Dealers who sell cold storage eggs  
must have a sign designating them  
from fresh eggs, according to a cir-  
cular which has just been sent to in-  
spectors by H. E. Barnard, state  
food and drug commissioner. The  
same order applies to renovated but-  
ter.

Eggs have reached the high mark  
for this season of the year. They  
are now retailing at forty cents a  
dozen, having ascended to that price  
in the last few weeks. Cold storage  
eggs are said to be on the market  
here. The circular follows:

"The cold storage law provides  
that when eggs that have been in  
cold storage for thirty days are sold  
at retail there shall be placed in or  
on the receptacle containing them, in  
full view of the public, a card not  
smaller than six inches in width by  
six inches in length, on which shall  
be printed the words 'cold storage' in  
plain gothic letters, not less than two  
inches in length, and the wrapper,  
bag or container in which said eggs  
are delivered to the purchaser by the  
retailer shall be plainly stamped with  
the words 'cold storage.'

"Neglect to comply with these pro-  
visions, subjects the person, firm or  
corporation responsible to a fine of  
not less than \$25 and it is made the  
duty of all food and health officials  
to see that the law is enforced. Any  
evasion or neglect will not be toler-  
ated.

"Your attention is further called  
to the renovated butter law, which  
requires that all butter produced by  
rechurning or reworking packing  
stock or other butter shall bear the  
words 'renovated butter' or 'process  
butter' in bold-faced letters at least  
three-fourth of an inch high. This  
statement shall be made on the top  
and sides of the receptacle, package

## STRIKE TROUBLE ISN'T OVER YET

### Indianapolis Streetcar Situation Still Critical.

### UNION DEMANDS RECOGNITION

This the Traction Company is Most Vehemently Opposed to and Whole Matter of Dispute Which Led to Recent Bloody and Destructive Strike May Have to Be Threshed Out Before Public Service Commission.

Indianapolis, Nov. 15.—Labor leaders will ask Senator John W. Kern to become chief counsel for the local streetcar company employees in the event their grievances, filed with the Indianapolis Traction and Terminal company for the second time, are referred to the public service commission for adjustment. Both the union leaders and street railway company officials decline to disclose the new list of demands. The original list was turned down by the management of the company on the grounds that it was not in conformity with the original peace agreement, which specified that the company would deal with a committee of employees as employees and not as union men. The first set of demands was drawn up in the name of the Amalgamated association.

The entire controversy on the demands hinges on the use of the name of the Amalgamated association. Whether the revised list mentions this association could not be learned. From deductions obtained through statements from the various labor leaders, however, it is believed that recognition of the union is still sought and that, while the demands were presented in the name of the employees, in some indirect manner unqualified recognition of the union will be demanded.

It is the contention of labor leaders that the stand of the company in not wanting to recognize the union is sufficient grounds for a grievance and on this point a hard fight may be waged if the dispute goes to the public service commission.

Rumors that the streetcar men were soon to go out again on a strike were set at rest by a leader, who said such talk was unfounded.

"We have this situation in a conference stage," he said. "There is no possibility of a recurrence of trouble if the spirit of the tentative agreement is lived up to by both sides. I believe this will be done."

### WILL SERVE TIME TOGETHER

Incendiary Sentenced With Relative Who Employed Him.

Bloomington, Ind., Nov. 15.—Because he set fire to the house of his brother-in-law, Daniel Abram, and burned it down, Ernest Reed of Hendricksville, Greene county, was sentenced for the indeterminate period of two to twenty-one years. Reed, who is twenty-one years old, with a wife and infant child, said Abram persuaded him to fire the house in order that Abram might collect the insurance. Abram was sentenced for the same term and the men will serve time together.

### Says He Was Falsely Arrested.

Terre Haute, Ind., Nov. 15.—Raymond H. Callendar, operator at a Big Four tower at Burnett, has brought suit for \$10,000 against John Thompson, a grocer at that mining town, on the ground of false arrest. He alleges that Thompson accused him of the theft of \$200, but that after the prosecuting attorney investigated the case the charge was dismissed.

### Thought It Was Medicine.

Lafayette, Ind., Nov. 15.—Frank Sullivan, aged, thirty-eight, assistant manager of the Western Union Telegraph company here, ended his life in a room at the Jackson club. Evidently his death was due to a mistake. He swallowed the contents of a bottle of poison, and just before he died he said he thought he was taking medicine.

### Subornation of Perjury.

Lawrenceburg, Ind., Nov. 15.—Claude E. Landrum was found guilty of subornation of perjury, the penalty for which is two to twenty-one years. Landrum has been confined in jail since Aug. 16 on three charges arising out of his marriage to sixteen-year-old Henrietta Bachele.

### Preferred Death to Insanity.

Evansville, Ind., Nov. 15.—Mrs. Anna Wright, aged fifty-four, wife of Alvin Wright, a railroad brakeman, committed suicide by taking poison. She left a note to her husband which said she felt as if she were going insane.

### Caught Between Bumpers.

New Albany, Ind., Nov. 15.—Beecher Davidson of this city, aged twenty, freight brakeman on the Southern railway, was instantly killed at Milltown while making a coupling, being caught between bumpers.

### Twelve-Foot Fall Fatal.

Terre Haute, Ind., Nov. 15.—Edward A. Saltsman, a contracting carpenter, fell from a twelve-foot wall and was instantly killed.

A deputy sheriff, the city marshal and two negroes are dead at Basfield, Miss., as a result of a race riot.

## W. F. M'COMBS

Home From Europe With Bride Asks For No Public Preferment.

© 1913, by American Press Association.

New York, Nov. 15.—William F. M'Combs, chairman of the Democratic national committee, is home from Europe with his bride, formerly Miss Dorothy Williams of Washington, whom he married in London. When asked about the possibility of his accepting appointment as ambassador to France, he said: "I have no taste for public service, and I do not expect to take public office."

## ON THE TRAIL OF AN ALLEGED CONSPIRACY

### First Indictment Returned In "Boodle" Inquiry.

New York, Nov. 15.—A Kingston lawyer, Everett P. Fowler, described by John A. Hennessy in campaign speeches and from the witness chair as the "bagman" of the Democratic state committee, was indicted on a charge of extortion by the grand jury. It is charged that he got \$250 from S. P. Hull of Cortland, under threat to hold up payments on his contract if the contribution was not made.

The indictment was found after Hull had presented three letters and a check in support of his testimony. The first letter was addressed to Hull personally and signed by William H. Kelley, Democratic state committeeman from Onondaga county. It directed Hull to meet Fowler in Kelley's office to talk over matters of importance. The second letter was also signed by Kelley and indicated that Mr. Fowler was disappointed because Hull had not appeared in response to the first letter and made arrangements for another meeting. The third letter was written by Arthur A. McLean, treasurer of the Democratic state committee, in acknowledgement of a contribution of \$250 from Hull.

The check was drawn by Hull for \$250 payable to the order of Norman E. Mack of Buffalo. It was indorsed by Mr. Mack and other indorsements show that the money eventually was deposited by McLean to the account of the Democratic state committee. Mr. Hull also placed in the hands of the district attorney another check for \$100, drawn last year and made payable to Mr. Mack. The indorsements on this check show that it also was placed to the credit of the Democratic state committee. Neither of these contributions appears in the reports of campaign funds for 1911 and 1912, filed with the secretary of state by Mr. McLean.

When the grand jury meets on Monday it will take up the cases of men who are alleged to have worked with Fowler in what Mr. Whitman now believes was a carefully arranged scheme to extract contributions from every contractor who had a job on the barge canal or the public highway.

### Death Penalty For Spencer.

Chicago, Nov. 15.—Henry Spencer, confessed slayer of Mrs. Mildred Allison Rexroat, the tango dancing teacher, was found guilty of murder by a jury at Wheaton, a suburb. The death penalty was fixed by the jury.

Poughkeepsie, N. Y., Nov. 15.—Vincet Astor and his fiancée, Miss Helen Huntington, motored to Poughkeepsie and visited a 5-cent moving picture show. The feature reel of the entertainment was a society play entitled "His Hour of Triumph," and in front of the theater hung a big banner showing a picture of a society wedding.

## STRIKE MAY INCLUDE S. P.'S ALLIED LINES

### Walkout On the "Sunset" Is Growing Serious.

New Orleans, Nov. 15.—While business interests here were making frantic appeals to Washington to intervene in the great strike on the Sunset lines of the Southern Pacific railroad, violence made its first appearance in the labor war. At Houston an engine was allowed to run wild, finally wrecking itself, and a carload of cotton was burned. At several other points minor clashes were reported. The threat is made by the union leaders that the strike will extend beyond El Paso to include the allied Southern Pacific lines of the Pacific coast up to Oregon and from the coast eastward into the Rocky Mountain section. The whole system from New Orleans to El Paso is paralyzed.

## HUERTA TO QUIT IS LATEST WORD

### His Friends Are Urging Him to Retire.

### WHO WILL TAKE HIS PLACE?

This is the Question That Is Being Gravely Asked in the Mexican Capital, Where Present Dictator Is Regarded as by Far the Strongest Man in the Republic and Best Fitted to Restore Order.

Mexico City, Nov. 15.—General Blanquet, minister of war, is preparing for a coup d'etat in case Huerta does not keep the personal pledge he has given that he will not try to hold on to the presidency. Army officers have been ordered to take instructions only from the minister of war and to hold themselves in readiness for immediate action.

Vera Cruz, Nov. 15.—John Lind has transferred his baggage from the Hotel Terminal to the battleship Louisiana.

Mexico City, Nov. 15.—It is confidently asserted by persons in close touch with the Mexican government that the resignation of President Huerta will not be long delayed, in fact his retirement from the executive seat at any moment now would be no surprise.

It is said that Huerta considers Francisco Carbajal Y Rosas, chief justice of the supreme court, as his successor who would be acceptable to all warring factions.

The negotiations carried on by Charge d'Affaires O'Shaughnessy since the departure of Special Envoy John Lind from the capital are progressing favorably, while the minister of the interior, Carza Aldape, and other close friends of the dictator are urging him to withdraw for the sake of the country's independence and in order to avoid intervention on the part of the United States.

It is said that Charge O'Shaughnessy has so far straightened out matters that Mr. Lind will return to Mexico City and resume negotiations in a few days. Mexicans are inclined to resent Mr. Lind's course in view of the fact that he is not officially accredited to the Mexican government.

### Fresh Impetus to Revolution.

Reports that William Bayard Hale has been in negotiation with the Carranzistas have given a fresh impetus to the revolutionary movement in the country.

Taking it for granted that President Huerta will be eliminated, Mexicans and Americans here are asking what real good this can accomplish, as he is regarded as being Mexico's strongest man and the only general able to cope with the rebellion now in progress or with any fresh one. General Huerta has the support of the entire ruling class of the republic and that class has nothing but contempt for men of the Madero and Carranza kind, whom they look upon as impractical idealists, whose course of action has resulted in the loss of thousands of lives and millions of dollars worth of property.

The Huertalistas papers are jubilant at reports that Carranza has rejected Hale's proposal. They ask why President Wilson, declining to recognize Huerta, seeks the aid of such men as Carranza and Villa.

## MAY KNOW OUTCOME TODAY

### Crisis in the Affairs of Mexico Can't Long Be Delayed.

Washington, Nov. 15.—President Wilson's confidence that the Mexican situation will work out satisfactorily for the United States continues to gather strength. No official disclosure has been made, however, as to the basis of this optimism.

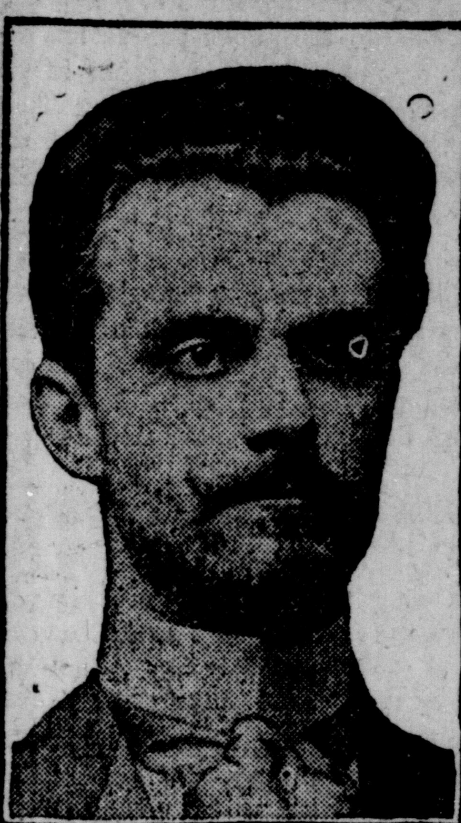

Evidences of a split in the Huerta cabinet over the question of rejecting or yielding to the demands of the United States formed the strongest ground on which the hopefulness of administration officials might rest. Privately it was made known that very high hopes are bound up in the movement led by Huerta's minister of the interior to bring about the consent of the provisional president to concessions to John Lind, the president's special agent in Mexico.

A back fire against Huerta in his own country has for some time been regarded as one of the means of bringing about his elimination.

A real test of the sources of the president's optimism will come soon in Mexico City. Whether Huerta intends to yield to pressure from the United States and to advices given him from Europe, or whether he intends stubbornly to stick to his attitude of defiance will be demonstrated today, the date set for the convening of the recently elected congress. That this congress should not meet was the chief demand in the latest representations from John Lind. It was upon the failure to obtain assurances on this point that Lind left Mexico City for Vera Cruz this week. Thus far there is nothing positive to indicate that Huerta has decided to yield and call off the meeting of congress.

New York Ex-Patriate Will Marry American Countess.

The engagement of the Countess Louis de Gantout-Biron, eldest daughter of John G. Leishman, formerly American ambassador to Germany, to James Hyde, formerly president of the Equitable Life Assurance society of New York, has been announced in Paris.

## COURT UPHOLDS MRS. PEIXOTTO'S POSITION

### Teachers May Bear Children and Retain Situations.

New York, Nov. 15.—Without jeopardizing their employment, school teachers may bear children, according to a decision handed down by Justice Seabury in the supreme court. Justice Seabury granted a peremptory writ of mandamus ordering the board of education to reinstate Mrs. Bridget Peixotto, formerly acting principal of public school No. 14, the Bronx, who was dismissed on a charge of being absent without leave for the purpose of bearing a child.

Justice Seabury's decision if sustained on the appeal which it is said will be made, will be far-reaching in its effect. Not only does it establish the right of married teachers to bear children, but it overrules the long-held contention of the board of education lawyers that a dismissed teacher has no right of appeal to the courts.

### The Principal Contention.

The principal contention of the corporation counsel's office which opposed Mrs. Peixotto in court was that her appeal should have been made to the state commissioner of education. Alfred J. Talley, who appeared for Mrs. Peixotto, said that the decision would open the way for all teachers who believed their dismissals illegal to appeal to the supreme court.

In Justice Seabury's review of the case it appears that a majority of the board of education that investigated Mrs. Peixotto's dismissal decided that it was "bad policy" for teachers who were about to become mothers to ap-

pear before pupils and that the board was trying to get rid of married teachers. The court decided that this was illegal in the absence of express authority granted by the legislature and expressed a doubt as to whether such a law would be constitutional. In the opinion Justice Seabury says in part:

"The policy of our law favors marriage and the birth of children, and I know of no provision of our statute law or any principal of common law which justifies the employment of married women as teachers, that treats as ground of expulsion the act of a married woman in giving birth to a child."

## MUST SERVE ALL THE CITIZENS

### Libraries Should be so Arranged as to Attract All Classes, Says

Carl H. Milan.

## LIBRARY SECRETARY TALKS

### Impression is Abroad That They Are

Only a Place For Women to

Get the Latest Novels.

Libraries must serve all citizens. This is the slogan of Carl H. Milan, secretary of the public library commission of Indiana whose progressive idea about public libraries are creating a deep impression over the state.

He recently gave out the following interview:

"Some people still think of a library as a place where women go to get the latest novels and books about Greek art and where children go to get Sunday school stories.

"What a shock they would get if they strolled innocently into the railroad news reading room of the Huntington public library, for the room would be filled with men, some of them with hats on and feet on the tables, and not a few of them puffing away at pipes, stogies and cigars. And if the stranger looked at the books and magazines they were reading, he would find men's books and men's magazines, on en-

gineering and railroading and how to fit one's self for a better job.

"In a few places librarians are so afraid they will do something undignified, so afraid they will do something that will offend somebody, that they are not willing to do anything differently from the way it has always been done. Such a librarian ought to be fired.

"Public librarians nowadays must be progressive. They must know their field of operations, the population of their town or city, as well as know their books, and they must find ways of making the library serve all of the citizens.

"The men can be reached by the establishment of a special men's room, to which the men can come freely, direct from the shops or store in working clothes if they wish, bringing along their pipes also, if they choose, and where the men will find books and magazines that they like.

"Library boards and librarians are awake to the fact that the library has something for everybody, and that it has only to let down the bars of convention and make people see that they are welcome, to get the people to come to make use of the books and magazines that are waiting."

#### Irrepressible Mr. Gardner.

The only consolation which the Progressives have been able to conjure up from the election results of ten days ago from Massachusetts where the Republican candidate for governor, Augustus Gardner, ran third. But this is not surprising viewed in the lights of the facts.

Col. Bird, the Progressive nominee, is one of the most popular men in the state because he practices what he preaches. But Mr. Gardner can ascribe his own defeat to none other than himself. He imitated other distinguished citizens who were on the edge of the Republican party a few years ago and insisted on making himself the "issue" in the campaign when the people were not voting for men, but for principles.

He alluded to himself as the "apostle of the new Republicanism" and openly declared war on every person who voted the Republican ticket in 1912. Mr. Gardner was chosen the candidate in the state-wide primaries and at the same time the Republican state committee and the delegates to the state convention were chosen by the people.

Yet, in spite of all these things, Gardner looked upon himself as one preordained to lead the Republicans out of the wilderness. He viciously

attacked the Republican state committee, although it was the choice of the people as much as he. He refused to abide by the platform made at the Republican state convention even though it were made by the delegates who were elected in the same primary in which he was nominated.

Governor Foss, who has been in all parties, flopped to the Republican party just before election and ran as an Independent. He won many votes from Gardner undoubtedly and there is little doubt but that many Republicans voted for the Democratic candidate to rebuke Gardner. The Springfield Republican, Independent in politics, has the following comment on the results:

"For the failure of the republicans to maintain the lead they established last year over the progressives in this state, Mr. Gardner is largely to blame. His sincerity is unquestioned, but his leadership was execrable. The immigration issues, which had no proper place in the contest, cost him thousands of votes in a state where an immense proportion of the population is foreign-born or the children of foreign-born. His needless attack on the republican state committee, which had been chosen in the primaries, wiped out the efficiency of the party organization.

"The result is logical. But that it was necessary cannot be asserted, in view of the marked success of the republican candidate for governor of New Jersey in outstripping Mr. Colby in the election of that state. Mr. Bird's campaign was profusely financed, but it was also clean, honorable and shrewd, and he won by hard work such success as has come to him."

## MAY CHANGE THE EDUCATION PLAN

U. S. Bureau Proposes Six Years be Assigned to Elementary Schools Instead of Eight.

VALUE OF PLAN POINTED OUT

Advocate That the High School Period be From Age 12 to Age 18 and Divided.

That there is a waste of at least two years in the present plan of American education, is the conclusion reached by a committee of prominent educators in a report on "Economy of Time in Education" just issued by the United States Bureau of Education.

This conclusion follows an investigation lasting nearly 10 years by a committee of the National Education Association, of which President James H. Baker, of the University of Colorado, is chairman. The committee has endeavored to form a plan that would do away with the two-year loss. They propose that six years be assigned to the elementary school instead of eight as at present; that the high school period be from age 12 to 18, divided into two parts, of four and two years each; that college work extend from 18 to 20, according to the method of distributing the last two secondary years; and that the graduate or professional work at a university cover the years from 20 to 24. This would enable boys and girls to get ample vocational training after the age of 12; it would enable those who go on to college to get through their college work at the age of 20; and it would save the professional man from having to wait until 27 to start his professional career.

The report insists that the present elementary course is too long; that the ground now covered in 8 years can be covered just as efficiently in 6, allowing secondary work to begin at the age of twelve. To save on elementary schooling they urge; "Choose the most important subjects and the most important topics; make a distinction between first-rate facts and principles and tenth-rate. Confine the period of elementary education to mastering the tools of education. Include the last two years of the present elementary school in the period

of secondary education and begin the study of foreign language, elementary, algebra, constructive geometry, elementary science and history two years earlier than at present."

Emphasis is laid on the necessity of concentrating on a few valuable studies: "The great mistake of our education is to suppose that quantity and strain constitute education. Education is a question of doing a few grievous mistakes in demanding even strain. The college has committed a grievous mistake in demanding even more in quantity rather than in quality produced under conditions of healthy normal development."

The report takes up the problem of saving time in education from the point of view of the college, the school and society at large, as well as of the individual pupil; and it contains opinions on every phrase of the question from representative school men and the general public.

John Demmer, Here For Short Visit

Says Rushville People at Rockville Are Doing Fine.

RUSHVILLE BY-WORD THERE

John Demmer, who is a patient in the state tuberculosis sanatorium at Rockville, is here to spend the week end, and he reports that the Rush county colony is doing fine. Mr. Demmer himself is fast improving in health and will probably be released next spring.

Mr. Demmer says that Gale Spivey has gained, remarkably in vitality and weight since he entered the hospital, Mrs. Mary Binkley, a sister of Mr. Demmer's, who has been in the hospital only a short time, is rapidly recovering and will possibly be able to leave in a few months.

Mr. Demmer says that Rushville is a by-word in the hospital and that everyone inquires about the place. To satisfy the curiosity of many of his friends, Mr. Demmer today mailed them views of the city. He says the Daily Republican is just like a letter from home. Mrs. Binkley receives it in the morning and gives it to him. He reads it and passes it on to Gale Spivey, who in turn gives it to John Wagoner, who formerly lived here. Harry York of this city next reads the paper and then it is passed to Miss Hargrove of Morristown, a

nurse. She is a cousin of R. C. Hargrove.

John K. Gowdy yesterday received a telegram that Mr. and Mrs. Robert E. Mansfield had arrived in New York from Switzerland at eleven o'clock Friday morning. After a few days' stay at Washington, D. C., they will come on here for a visit with Mr. and Mrs. Gowdy. From Rushville they will go to Vancouver, British Columbia, where Mr. Mansfield will take up his duties as United States consul. He was recently promoted by President Wilson.

E. A. Lee had to postpone the plow demonstration, which was set for today, because of the inclement weather. The demonstration will be given as advertised next Saturday, November 22 on the E. B. Lee farm in Jersey City, just east of John F. Boyd's farm.

Miss Inez Stager, teacher at the Norris school house, together with her pupils, gave a box social Friday night. A good crowd attended and the prices were good. Glen Miller acted as auctioneer. After the auction a large cake was presented to the most popular young woman present. Miss Ida Reddin won by 67 votes and got the cake. She received 567 votes, Miss Dorothy Sipe, 500, Miss Leland McCarty, 95, and Miss Marie Newhouse, 10. A fishing pond furnished a lot of amusement. About \$15 was made clear of all expenses and it will be applied to the school library fund.

opposing a congressional gift for Miss Wilson, to be paid for by a fund raised by popular subscription among the members of the house, probably has done more to get him "in bad" with his constituents, Democrats as well as members of all other parties, than anything else.

This action on Mr. Gray's part is generally referred to as a "grandstand play," and the prediction is made that it will react against Mr. Gray in a manner he did not anticipate. It has been held up to ridicule by newspapers all over the country.

"I always have supported Mr. Gray but the spectacle he made of himself on the floor of the house, ranting about 'Jeffersonian simplicity' as a reason for forbidding a congressional gift to Miss Wilson is too much for me to swallow. The Democratic party will make a mistake if it enters him in the congressional race again," remarked a prominent Democrat connected with one of Richmond's largest manufacturing firms.

This man, moreover, is not the only prominent Democrat in this city to openly declare that Mr. Gray's "grandstand" play was the straw which broke the camel's back for them.

## NEXT MEETING TO BE IN ARLINGTON

This Place is Finally Selected for 1914 Session of Tenth District Missionary Society

### STATE OFFICERS TO FIX TIME

As was forecast at the yesterday morning's session of the annual meeting of the Christian Missionary society at Milroy, the 1914 meeting will take place at Arlington, seven miles west of here. The transportation facilities in Arlington are good, which was said to be one of the reasons Arlington was selected. A number of other places sought the meeting. The time for the next session will be fixed by the state committee of Indiana Christian Missionary society, which meets in the spring.

The delegates attending the convention which closed in Milroy yesterday afternoon were well pleased with the program and the entertainment afforded by Milroy people. The closing program yesterday afternoon was of special instructive value. Every session of the convention was well attended.

## Stop Catarrh!

Unless Properly Treated With Hyomei This Disease May Become Serious.

If you have catarrh, indicated by sniffing, stopped up head, droppings in the throat and morning choking, there is an irritated state of the mucous membrane which affords an ideal condition for the growth of disease germs.

Do not allow these dangerous germs to begin the destruction of your health.

The easiest, simplest, quickest, surest and cheapest way to check catarrh is by breathing Hyomei. This wonderful medicated air treatment does not upset the stomach, but is breathed in through the Hyomei inhaler, directly following and surely destroying all disease germs that may have been inhaled—the tissues of the throat, nose and lungs are quickly healed and vitalized.

Money refunded by F. B. Johnson & Co., Druggists, to anyone whom Hyomei fails to benefit. A complete outfit costs but \$1.00.

## WITHIN THE LAW

By MARVIN DANA  
FROM THE PLAY OF  
BAYARD VEILLER

Copyright, 1913, by the H. K. Fly company.

"Yes," was the answer. "Well, then, we've got to get busy." Before he could add a direction he was halted by a soft buzzing from the telephone. For an instant he hesitated while the others regarded him doubtfully.

"We've got to take a chance," Garson went to the desk and put the receiver to his ear.

There came again the faint tapping of some one at the other end of the line, signaling a message in the Morse code. An expression of blank amazement, which grew in a flash to deep concern, showed on Garson's face as he listened tensely.

"Why, this is Mary calling," he muttered.

"Mary!" Griggs cried. "Yes, she's on." Garson interpreted a moment later as the tapping ceased for a little. He translated in a loud whisper as the irregular ticking noise sounded again.

"I shall be there almost at once. I am sending this message from the drug store around the corner. Have some one open the door for me immediately."

"She's coming over!" Griggs cried incredulously. "No, I'll stop her," Garson declared firmly.

But when after tapping a few words the forger paused for the reply no sound came.

"She don't answer!" he exclaimed. "On her way already," Griggs suggested. "I'll let her in." He drew a small torch from the skirt pocket of his coat and crossed to the hall door as Garson nodded assent.

"God! Why did she have to come?" Garson muttered, filled with forebodings. "If anything should go wrong now!"

He turned back toward the door just as it opened, and Mary darted into the room, with Griggs following closely at her heels.

"What do you want here?" he demanded, with peremptory savageness in his voice, which was a tone he had never hitherto used in addressing her.

There was only tender pleading in Mary's voice, though her words were an arraignment.

"Joe, you lied to me!" "That can be settled later!" the man snapped. His jaw was thrust forward obstinately, and his clear eyes sparkled defiantly.

"You are fools, all of you!" Mary cried. "Yes, fools! This is burglary. I can't protect you if you are caught. How can I? Oh, come!" She held out her hands pleadingly toward Garson, and her voice dropped to beseeching.

"Joe, Joe, you must get away from this house at once, all of you! Joe, make them go!"

"It's too late," was the stern answer. "We're here now, and we'll stay till the business is done."

"Joe, for my sake!" "I can't quit now until we've got what we came here after," he declared roughly.

"Boys, let's get away! Please, oh, please! Joe, for God's sake!" Her tone was a sob.

"I'm going to see this through," said Garson doggedly.

With a gesture of despair she turned away toward the door by which she had entered.

"You can't go," Garson said sharply. "You might be caught."

"And if I were," Mary demanded in a flash of indignation, "do you think I'd tell?"

"Of course not, Mary. I know you. You would go up for life first. Just the same, you can't take any chances. We'll all get away in a minute and you'll come with us." He turned to the men and spoke with swift authority.

"Come," he said to Dacey, "you get to the light switch there by the hall door. If you hear me snap my fingers, turn 'em off. Understand?"

With instant obedience the man went to his station by the hall door.

"Red," Garson ordered, "you get to that door." He pointed to the one that gave on the passageway against which he had set the chair tilted. As the man obeyed Garson gave further instructions.

"If any one comes in that way get him and get him quick. You understand? Don't let him cry out or make a sound."

Chicago Red held up his huge hand, widely open.

"Not a chance," he declared proudly, "with that over his mug."

"Now, let's get to work," Garson continued eagerly.

Mary spoke with the bitterness of defeat.

"Listen, Joe. If you do this I'm through with you. I quit."

"If this goes through," he countered, "we'll all quit. That's why I'm doing it. I'm sick of the game."

**CHAPTER XIV.**  
**The Noiseless Death.**

RED suddenly made a slight hissing noise that arrested the attention of the others and held them in moveless silence.

"I hear something," he whispered. He went to the keyhole of the door leading into the passage. Then he whispered again, "and it's coming this way."

At the words Garson snapped his fingers. The room was plunged in darkness.

There was absolute silence in the library after the turning of the switch that brought darkness. Long seconds passed, then a little noise—the knob

of the passage door turning. As the door swung open there came a gasping breath from Mary, for she saw framed in the faint light that came from the single burner in the corridor the slender form of her husband, Dick Gilder.

The next instant he had stepped within the room and Chicago Red had pounced on his victim, the huge hand clapped tight over the young man's mouth. There came a sound of scuffling feet, and that was all. Finally the big man's voice came triumphantly:

"I've got him!" "It's Dick!" The cry came as a wail of despair from the girl.

At the same moment Garson flashed his torch, and the light fell swiftly on young Gilder, bowed to a kneeling posture before the couch, half throttled by Chicago Red. Close beside him, Mary looked down in wordless despair over this final disaster of the night.

Garson retired a step farther before he spoke his command, so that, though he held the torch still, he, like the others, was in shadow.

"Get away, Red." The fellow let go his grip.

Freed of that strangling embrace, Dick stumbled blindly to his feet. Then, mechanically, his hand went to the lamp on the table back of the couch. When the mellow light streamed forth he uttered an ejaculation of stark amazement, for his gaze was riveted on the face of the woman he loved.

"Good God!" It was a cry of torture wrung from his soul of souls. Mary swayed toward him a little, palpitant with fear—fear for herself, for all of them, most of all for him.

"Hush, hush!" she panted warningly. "Oh, Dick, you don't understand!"

"I understand this," he said brokenly at last. "Whether you ever did it before or not, this time you have broken the law." A sudden inspiration

came to him. "You must get away from this house at once, all of you! Joe, make them go!"

"It's too late," was the stern answer. "We're here now, and we'll stay till the business is done."

"Get away, Red." The fellow let go his grip.

Freed of that strangling embrace, Dick stumbled blindly to his feet. Then, mechanically, his hand went to the lamp on the table back of the couch. When the mellow light streamed forth he uttered an ejaculation of stark amazement, for his gaze was riveted on the face of the woman he loved.

"Good God!" It was a cry of torture wrung from his soul of souls. Mary swayed toward him a little, palpitant with fear—fear for herself, for all of them, most of all for him.

"Hush, hush!" she panted warningly. "Oh, Dick, you don't understand!"

## How to SELL Things That Are "FOR SALE"

Write your "For Sale" ad SIMPLY stating ever detail about the article that you would want an ad to give if you were anxious to buy something of the kind yourself. Give a little thought to the "selling points" about the article, and put THEM into your ad. Then run the ad MORE THAN ONCE, if that is necessary. It may or may not be.

## CURRENCY BILL REPORT READY

Senate Committee Closes Its Hearings.

### WILL BE A DIVIDED REPORT

The Five Republicans and Mr. Hitchcock, Who Claim to Be the "Regulars," Declaring the Six Administration Democrats are the "Insurgents," Find Several Points on Which to Enter a Disagreement on Proposed Bill.

Washington, Nov. 15.—In the completed bill which the six Democratic members of the senate banking and currency committee will submit to the full committee today, the words "lawful money" will have an even more restricted application than had been given them two days ago, when they crept back into the currency bill. Under the new application "lawful money" may not be used for redemption purposes and the latest draft of the bill provides that it may be used only as a reserve against deposits and other liabilities. The bill requires that this reserve must be kept in "gold or lawful money." The reserve against note issues must be of gold.

After the adjournment last night of the six Democratic members of the committee, who are adhering to the administration view, announcement was made that they had practically completed the bill and would lay it before the full committee today. The five Republican members and Senator Hitchcock, who are going forward with the work of preparing a separate bill, say they will not be able to complete their work before the middle of next week. The six Democrats will not try to crowd matters, but will await the outcome of the labors of their Republican colleagues and Mr. Hitchcock. The Republicans and Senator Hitchcock insist that they are the regular banking and currency committee, and that the six administration Democratic senators are the insurgents.

The most important change in the bill that is being evolved by the Republicans and Senator Hitchcock was a limitation agreed on the privileges of rediscout which a member bank in the reserve association may claim. In the house bill there was no limitation. An amendment has been written into the bill providing that every member bank may claim as a matter of rediscouts on eligible paper up to the limit of its capital stock, but that in no case may it enjoy rediscout to a greater amount than 200 per cent of its capital stock except with the consent of the federal reserve board.

A disquieting feature introduced into the consideration of the bill was a proposal to guarantee bank deposits. This it was said was laid aside, however, with other suggestions to be embodied in an independent bill revising the banking laws, which will be taken up at the regular session.

The Democratic members of the committee have agreed on a 6 per cent dividend on the stock, while the Republican members and Mr. Hitchcock have fixed 5 per cent as the dividend.

### CAUGHT BENEATH WHEELS

Tommy Burns, Famous Jockey, Almost Decapitated by Train.

New York, Nov. 15.—Tommy Burns, famous jockey, was killed by a Brighton Beach elevated train. He fell from the platform of Elm Place station in Fulton street and was almost decapitated by the front wheels of the first car.

Burns returned on Wednesday from a successful season on German tracks. The police suspected that Burns was a suicide, but his family and friends say the theory is absurd. He was prosperous and in good health. He was known as a jockey of good habits who saved his money. His friends believe that while waiting for the train he threw off his overcoat, which was very heavy, fell asleep on a bench on the station platform, started up suddenly as the train approached, and while not thoroughly awake, stumbled off the platform.

### DEATH LIST GOING HIGHER

Reports From Lake Shores Add to Dreadful Totals.

Detroit, Mich., Nov. 15.—As reports filter in from isolated points along the shores of the great lakes telling of the finding of more frozen bodies and of wreckage of various vessels, the number of victims of the recent terrific storm is now put at 275, and it may go higher.

One hundred and eighty-one are known to have perished on only eleven vessels. As the death list increases the property loss continues to grow and vessel men say it cannot be less than \$5,000,000.

### Royal Palm Limited Ditched.

Stearns, Ky., Nov. 15.—The Royal Palm limited, running between Chicago and Jacksonville on the Queen & Crescent railroad, was derailed at Anadel, Tenn. The engine and all coaches except the observation car left the track and overturned, the fireman being the only person killed, due to the fact that all the cars were of steel construction.

## DILIGENT WORK ALL OVER STATE

Efforts to Wipe Out White Plague in Indiana Growing in Magnitude and Activity.

### NEARLY SEVENTY SOCIETIES

Christmas Seals Will be Placed on Sale Nov. 28 and Will Continue Until January 1.

Diligent work toward wiping out tuberculosis in Indiana is being done throughout the state this year, the effort growing in magnitude and activity as the Christmas season comes on, when much of the money needed in the continuous campaign is rounded up through the sale of Red Cross Christmas Seals. There are nearly 70 societies for the Study and Prevention of Tuberculosis in this state, all of them active in promoting the warfare against the white plague, and all of them will be busy in pushing the sale of Christmas Seals this season. At the head of all these organizations in the State Society, with headquarters at 203 Public Savings Building, Indianapolis, which has general direction of the white plague crusade and the sale of Christmas Seals. All of the State organizations are banded in a national association with headquarters at New York.

Allied with the county and local anti-tubercular societies in the sale of Christmas seals is the Indiana Federation of Clubs, which has named a special committee to help organize the selling forces throughout the state, and the Indiana Nurses' Association is helping through a special committee to the same end. County superintendents of schools, Sunday school organizations, and many other kind of public spirited associations and societies are joining in the effort to raise a great white plague fund through the sale of the bright little seals.

Much educational work against the white plague and for the sale of the seals has been done this year all over the state. Health authorities and other speakers have been discussing the prevention of tuberculosis at county fairs, chautauquas and at other meetings. In a number of counties hospitals for the treatment of tubercular victims have been erected and other are under way.

A more vigorous campaign for the sale of the seals will be waged this season than ever and an active effort is being made to get them within the easy reach of the public in cities, towns and on the farms. The state headquarters now has its supply of 4,000,000 seals and has begun the distribution to county and local selling agencies, while a second order has been placed for 4,000,000, to be held until further demand develops in December. The sale will open everywhere about November 28 and will continue until January 1st.

## We Buy Buggies at Jobbers' Prices

and are the only dealers in Rush county that do. And we are not afraid of being successfully contradicted in this statement. There are two advantages to be gained by buying vehicles from builders of vehicles for the jobbing trade only. One of them is that you can buy them at a price that means a saving to your customer of at least 10 to 15 Dollars on a job, and another thing is you can get buggies built like you want them and like your customers want. The small dealer has to take what the small manufacturer builds for him. We have them built to suit public demand and get what the public wants. Now for instance there has been a demand for a Storm Buggy with more room and the average dealer has been unable to get it. We have the only Storm Buggy with sufficient room and we guarantee it to be three inches wider than any other Storm Buggy on the market. We have every style you want and we want you to see what we have and you will be surprised at the difference between our vehicles and the ones you have seen both in price and style and we guarantee the quality to be first class. Place your vehicle business with us and it will be taken care of to your satisfaction.

## How Money Will Be Given Away!

Read Advertisement below and note what Boxley has to say about the Pianos. Watch for mis-spelled words and gather together all Misused letters. For example if the word "Piano" is spelled "Piono" then the letter "O" is to be used in working out your answer. All misused letters when put together correctly will spell out the name of some one living in Rushville or Rush county, who owns one of Boxley's Pianos, and will also give the person's address or location and the make of Piano. Form the sentence correctly and bring it to Boxley's. First correct solution wins this week's prize.

## HIGH SCHOOL TO GIVE SHOW

Barnum and Bailey's Greatest Circus on Earth Will be Staged on a Smaller Sale.

TO BE FOUR SIDE SHOWS, TOO

In Fact There Will be Everything That Makes a Circus, Including Pink Lemonade.

(By Louis Hiner.)

What promises to rival Barnum & Bailey's "Greatest circus on Earth" will exhibit in Rushville next Friday night. The only real difference between Barnum's and this circus is that the latter possess only one ring, thus giving the patrons an opportunity to witness everything.

The four classes of the Rushville high school are going to give the circus which will be one of the greatest events of the school year. The main "top" will be located in the large gymnasium and every thing which goes to make up a circus will be featured. Each class will have their "stunts" which they will "spring" that night and a prize will be given to the class which scores the greatest hit.

Of course, Barnum's policy is also to have a great number of other money making stands: pop-corn, candy, peanuts, cracker-jack and above all that delicious pink lemonade. Each class also shall conduct one side show, making four in all. The Seniors shall have for their side show, "The Judgment day for the Rushville High School Teachers." In this show the final destiny of each teacher before the Great Judge is given; some very comical incidents are portrayed. The Sophomore class will give a minstrel show.

The stunts which will be given in the main tent are kept a secret from the different classes. A parade will be given around the arena at the opening of the circus. Animals, clowns, acrobats, jugglers and many more of Barnum's famous acts are included on the program. Music will be given throughout the show by a twenty-four piece band of great ability.

Many of the prominent universities have held such circuses and they always have been a great success. The side shows will run for two hours before the "big show" thus giving every one a chance to see all of them. The circus proper will begin at nine o'clock; an admission of ten cents will be charged for the circus and five cents for each additional side show.

The students and teachers of the high school have devoted a great deal of their time in making a success of this show and it should be well patronized by the public. A prize was offered this week to the pupil making the best advertising poster; a great many tried for the prize and as a result the posters are scattered over the city for advertising purposes. It was a difficult thing for the judges to decide the contest as they were so many good posters. Mae Gray, a Freshman, a daughter of Mrs. Flora Gray, was awarded the prize.

## SHELBYVILLE IS DEFEATED

Manilla Independents Won by One-Sided Score.

The Manilla Independent basketball team defeated the Toggery Specials of Shelbyville last night, 29 to 9. The Manilla team outclassed the Shelbyville bunch in every department of the game and what looked to be a close game in the early moments turned into a one-sided contest. The first half ended with the score 17 to 2 in favor of Manilla. The Shelbyville team showed a lack of team work while the veteran Manilla five showed to a good advantage.

## DISTRIBUTION FIRST OF YEAR

Continued from Page 1.

spending of this money and the building of the state road.

It is the hope of the state administration that county officials will be diligent in their efforts to carry out the provisions of the automobile law in giving the state real road improvement. If this is done better roads will result and a greater sentiment will be created for a good roads.

The automobile department in the office of the secretary of the state has just closed a contract with the Greenduck Company of Chicago for the 1914 supply of owners' and motorcycle numbers. The contract calls for 50,000 pairs of owners' numbers and 10,000 motor numbers. These will be in readiness for the grand rush that will be on in this department the first of the coming year.

This law went into effect the first of last July, and to give an idea of the real bigness of this department, it took nine persons working nine hours a day to open the mail. From five to ten thousand letters were received every morning and this condition prevailed for perhaps three weeks, when the pressure let down.

### FUNERAL HELD TODAY.

The funeral of Mrs. Benton L. Barrett, who died in Greenfield Thursday, was held at the home this afternoon at two o'clock, with the Rev. Charles H. Smith officiating. Mrs. Barrett was born and reared near Knightstown. Her death was due to injuries received in an automobile accident two years ago. A brother, Charles S. Stuart, lives near Knightstown. A husband and seven children survive.

The funeral services of Miss Susan Rhodes, who died yesterday at her home south of Orange, will be held Sunday afternoon in the Salt Creek church and burial will take place in the church cemetery.
